

## Chilham St Mary's C of E Primary School Sports Premium Expenditure for 2016- 2017

### What Is The Sports Premium?

The Government is providing funding of £150 million per annum for three academic years 2013/14, 2014 /15 and 2015 /16 to provide new and substantial primary school sports funding. This funding is being jointly provided by the Departments for Education, Health and Culture and Media and Sport and will see money going directly to primary schools to spend on improving the quality of sport and PE for all children. The Sports Premium funding can only be spent on sport and PE provision in schools.

<b>Sport Premium Funding Allocation</b>	<b>£8000</b>
<b>Additional £5 per pupil based on January Census</b> (86 pupils in Years 1 – 6)	<b>£430</b>
<b>Total</b>	<b>£8430</b>

### Purpose of the Funding

Schools will be required to spend the Sports Premium funding on improving the provision of PE and sport, but have freedom to choose how to do this.

At Chilham St Mary's we believe that physical education provides a vital and unique contribution to children's physical and emotional development. Our vision for PE and Sport is to provide high quality PE and Sport for all of the children in our school. We aim to provide both competitive opportunities for extra-curricular sport and well planned and delivered PE lessons, which develop a love of sport for all children and an understanding of the importance of exercise in maintaining a healthy lifestyle.. We will use the premium to develop and extend our PE provision through employing additional sports professionals, entering more competitive sports competitions and training our staff to deliver in-house quality PE lessons. This will enable us to make sustainable improvements that will also benefit future pupils.
