12th July 2019

Dear Parents and Carers

An increasing number of parents have asked whether we are able to provide after school child care. We really want to be able to support parents and carers with this but in order to provide something that is high quality and financially viable, we need to know how many children we would be looking to cater for. The request from parents who have raised this, is for provision to be in addition to the usual after school clubs that we currently offer and for it to run throughout the term, rather than for just a set number of sessions.

With the information that you provide, we would then be able to ascertain what we could offer, where this could be located and how much to charge to ensure adequate staffing and resources. Unfortunately, we cannot guarantee to be able to provide anything over and above what we already have in place – it is very much dependent on numbers. We have been in touch with an external after school club provider, and again, dependent on numbers, this is something that they may be able to set up for our children.

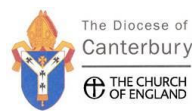

Please would you indicate on the attached form what arrangements you would like to use for your child. It is really important that we receive your feedback as whatever we try to provide, and the cost of that provision, would be totally dependent on demand and the number of children attending.

In order for us to consider this over the summer break, you will need to return the form completed, with your name and your child's year group (for next year), by the end of this term – Friday 19th July 2019.

I look forward to receiving your responses and working in partnership with you.

Yours sincerely

Delia Cooper
